### HIGHLIGHTS:

**Damaraland, Kaokoland, Hartman's Valley, Marienfluss Valley, Brandberg Mountains, Spitzkoppe**

Visiting this region can be extremely rewarding, explore this environment with its cultures. One of the most spectacular landmarks of Kaokoland is the Epupa Falls. Several pools at the base of the waterfall allow for (relatively) Crocodile free swimming.

Stone Age rock art is a special feature at the Brandberg who's most famous painting is the 'White Lady'. She has caused a bit of a stir because researchers have decided that 'she' is actually a 'he'! The Brandberg Mountain smolders with deep purples and reds. Dominating the horizon is the brooding Brandberg Mountain who rises to the great height of 6,500 feet above sea level.
